### ORGANISATIONAL ENVIRONMENT

Encircle Community Services Ltd (Encircle) is the preferred Community Services provider in the City of Moreton Bay. We are a community-owned and operated organisation offering a range of support services and activities directly to families and individuals living in Moreton Bay and the greater North Brisbane area.

Since 1987, we have been committed to developing programs and services that support the wellbeing of community members, to encourage and enable community participation, and respond to identified community issues and needs.

Encircle operates across six sites including Kallangur, Lawnton, Redcliffe, Strathpine, Caboolture and Kedron. We have 80 staff and approximately 85 volunteers. Our programs and activities demonstrate a wide variety of integrated options for the people in our region.

#### **Our Vision:**

Our communities will thrive and be resilient by being engaged, connected, and supported.

#### **Our Purpose:**

To be a responsive, adaptive, and sustainable organisation to meet the changing needs of our communities.

#### **Housing and Homeless Programs at Encircle:**

Funded by Australian and Queensland Governments, Encircle's Housing and Homelessness Programs focus on providing support through the Homeless Outreach Access Program (HOAP) and the Immediate Housing Response (IHR) initiative.

Our Homeless Outreach Access Program (HOAP) and Immediate Housing Response (IHR) teams comprise of dedicated, qualified, and experienced social work and human service professionals, providing brief intervention support informed by strengths-based, person-centred, and trauma informed approaches to individuals, couples and families experiencing chronic homelessness.

The IHR initiative provides urgent, short-term temporary accommodation—such as hotel or motel stays—for vulnerable individuals, couples, and families in Queensland who are homeless or at immediate risk of homelessness. It also includes proactive support services to help people transition into stable and secure housing, whether through home ownership, the private rental market, or social housing.

HOAP works alongside the Department of Housing, Place Based Response Team (PBRT) and assists people sleeping rough or living in improvised dwellings to transition to temporary accommodation or longer-term housing.

HOAP provides after hours outreach services to provide greater coverage after hours within the Moreton Bay region. The HOAP after hours team will provide assertive outreach in public spaces across Moreton Bay to respond to local need, identifying and supporting people who are rough sleeping and experiencing chronic homelessness where they are (i.e. parks, shelters, squats, social housing, boarding houses, rough sleeping). This includes attending locations after hours where people are known to be couch surfing. The after-hours team will be responsible for answering the after-hours homeless hotline and be on call for phone enquires with the aim of providing a 24/7 support service.

HOAP will provide outreach to support people who are accommodated in temporary accommodation without support, such as in hotels and be an after-hours contact for these accommodation providers.

Aligned with Community Development and Social Justice principles, clients are provided the opportunity to be connected with a variety of services, programs and networks that match their needs, enabling them to develop capacity and capability.

## **PURPOSE OF ROLE**

The Brief Intervention Worker provides immediate, short-term support and intervention to individuals experiencing issues related to alcohol and other drugs, mental health and/or lifestyle behaviours in the Moreton Bay region. This role focuses on early intervention, harm minimisation, and the promotion of positive behaviour change through evidence-based techniques such as strengths-based and recovery focussed approach frameworks.

The Brief Intervention Worker provides immediate support to individuals and families temporarily residing in motel accommodation across Moreton Bay who are homeless or at risk of homelessness. Using solution focused crisis and brief interventions, this position will pursue viable accommodation options through assessments and referrals.

The Brief Intervention Worker, through the work with the Department of Housing, Place Based Response Team (PBRT) and other services, will identify and support improved local service system design.

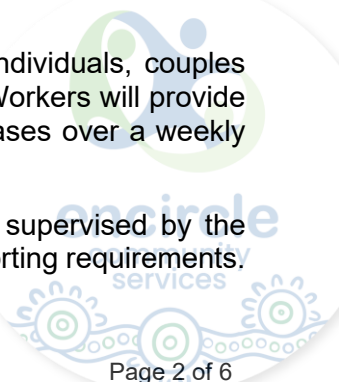

## **MAIN DUTIES AND RESPONSIBILITIES**

Under the guidance of senior staff the Brief Intervention Worker will build and maintain effective networks and stakeholder relationships and contribute to regional sector integration and development.

As the Brief Intervention Worker, you will be responsible for providing immediate, short-term assertive outreach to individuals or families sleeping rough or living in improvised dwellings across Moreton Bay, this includes providing information, referrals, advocacy, and brief interventions to meet immediate and ongoing needs.

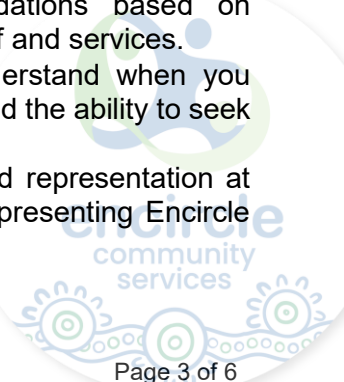

On average the HOAP Brief Intervention Worker will assist vulnerable individuals, couples and/or families within a brief timeframe of 2 to 4 days. Brief Intervention Workers will provide assertive outreach to a high volume of clients, approximately 15 to 25 cases over a weekly basis who are experiencing chronic homelessness.

In collaboration with the wider Housing & Neighbourhood's Team, and supervised by the Senior Case Managers, the position will meet all internal and external reporting requirements.

This includes but is not limited to supporting vulnerable individuals or families to access housing, legal, physical and mental health support, education and employment, and engage with their community.
- High level communication skills are required to support and at times de-escalate vulnerable clients who may present with a range of mental health issues, addiction and past trauma.
- Provide information, advice and referrals to longer-term support services or other teams or departments including assistance to access various products provided by the Department of Housing as well as providing direct support on-site or in an outreach capacity to individuals and families who are homeless.
- In the provision of brief intervention undertake relevant actions to meet the needs of vulnerable clients in line with legislation and program requirements including but not limited to:
  - Undertake intake, assessment, and risk management including vulnerability measurements, and provision of immediate crisis responses, referrals, and advocacy as required.
  - Referral to specialised services.
  - Provide information, advice and advocacy to community services and supports and on behalf of the client.
  - Develop client goals, problem solving skills and building their own community support networks.
  - Face to face client work during the course of the case management process including motel/hotel visits, and outreach duties.
- Maintain accurate and timely case notes and documentation in line with organisational policies.
- Participate in multidisciplinary team meetings and case reviews, be present at mandatory team meetings with the ability to openly discuss difficult cases with the team and/or management.
- Support community and stakeholder education initiatives as required by providing in-service workshops about the program.
- Monitor and evaluate the effectiveness of interventions through feedback from vulnerable individuals and families and provide recommendations based on demonstrable outcomes with the client to the Dept of Housing staff and services.
- Participate in regular operational supervision, identify and understand when you require support with a strong sense of self awareness, self-care and the ability to seek internal or external supervision as required.
- The role at times may include community and/or group work and representation at various community and stakeholder events, ensuring you are representing Encircle with a positive and professional profile in the community.

- Assist in meeting the Housing & Neighborhood's Team internal and external reporting requirements.
- Competently navigate and record data on a range of databases including QHIP, QHIP/VCMS, SharePoint and DEXT.
